

MARCH '18 REFLEX MARCH MADNESS!

Sweep the competition with your students' fluent facts!

Keep up the great Reflex progress by participating in the Reflex March Madness competition! We will have five brackets, one for each type of implementation. In other words, five-day schools will compete against five-day schools and one-day schools will compete against one-day schools. Each of the first two rounds will last two weeks to give all schools an opportunity to participate. After the first round, based on the total facts answered, the top schools in each implementation level will be announced. Those thirteen schools will then compete to make it to the Savvy Seven by answering as many facts as possible during the next round. The Savvy Seven will have the last five days to allow students to demonstrate their math fact fluency prowess and be declared Reflex Math Masters! The winning school will be rewarded!

Dates: February 26th through March 30th

**Brackets by
Implementation
days!**

2 Week Rounds

**Top schools per
bracket advance to
Thundering
Thirteen**

**Top 7 schools
advance to Savvy
Seven**
